

[Weekly Message from the Principal](#)

Happy Friday! This week has been full of students showing off all they have accomplished throughout the year, and we could not be prouder of each of them!

Next week is our last week! I cannot believe it is the end of the year already. Memories will be made during the last week, and I am looking forward to it. I encourage you to celebrate the progress and learning from this year with your student!

I hope each of you enjoy an amazing summer! Don't forget about Summer Reading for All. There is more information about the program and specific dates listed in the link below.

As we close another year at Parkside, I want to express how grateful I am to be involved in the lives of your children. Thank you for entrusting them to me during this school year.

Have a wonderful weekend and we'll see you Monday for our final week!

Ms. Waltmon

[Summer Reading for All](#)

Did you know that up to 2.6 months of math skills can be lost over the summer? Did you also know that only 2-3 hours per week of learning during summer break can help prevent learning loss.

Please visit Parkside's [Summer Learning 4 ALL website](#) to see how you can encourage and support your child throughout the summer using resources that support continued growth. These resources include programs like Istation, Imagine Math, Prodigy and more that will keep our students engaged in the learning all summer long.

[Robotics Club Looking for Parent Coaches](#)

Calling all interested parents! The Parkside Robotics Club is looking for new parent coaches for next school year! This is a fun way to volunteer with a great group of students. You will be provided with easy to follow clear instructions to guide practices that are two times per week. The robotics club had a very successful first year, and we want to continue that success. If you are interested in more information, please contact Jamie McDonald at Jamie.mcdonald@leanderisd.org

[A Message from the Nurse](#)

All medication and diabetic supplies that have been left in the clinic for your student, need to be picked up no later than **June 8th, 2018**. Only students who have permission to self-carry their emergency medications will be allowed to bring their medication home. All other students will not be able to pick up medications under any circumstances. They must be picked up by a parent or guardian. The district does not allow medication to be

stored in the clinic over the summer so all medications not picked up by **noon on June 8th, 2018** will be disposed of properly.

Thank you for your attention to this matter.

Upcoming Dates for your Calendar

- | | |
|-----|---|
| 6/4 | 4 th grade Field Trip |
